

More open and public discussions need to be held on such a serious issue as control of the media by a few. Our liberties and democracy hinge on the free flow of unimpeded, non-biased, critical information from all viewpoints and not the narrow, corporately favored/enhanced viewpoint that will surely result from lack of competition and monopoly by a few powerful entities. Let's keep the airways for the public good and operating in the best interests of all the citizens of this country.
